

CFI Company Tracking Table for Côte d'Ivoire

Commitment	Actions	Indicator	2022 Target	# through direct investment in 2018	# on behalf of clients in 2018	# through direct investment in 2019	# on behalf of clients in 2019
Forest Protection and Restoration							
1. No further conversion of any forest land (as defined under national regulations, and using HCS and HCV methodologies) for cocoa production.	1.1 Conduct farm mapping within direct supply chain to identify and collect cocoa farm boundaries to ensure cocoa is not being sourced from forest lands, National Parks and Reserves, and Classified Forests	# farms mapped	30090	10213	41499	7606	27842
	1.2 Conduct deforestation risk assessments in all direct sourcing areas	# ha included in deforestation risk assessment	60180	32680	132798	24340	89093
2. Elimination of cocoa production and sourcing in National Parks and Reserves in line with promulgation and enforcement of national forest policy and development of alternative livelihoods for affected farmers	2.1 Adopt and publish a system for excluding farmers in the direct supply chain with cocoa production in protected areas	Yes/No	YES	YES	YES	YES	YES
	2.2 All farms found in National Parks and Reserves reported to government	% farms in Natl Parks & Reserves reported to government	TBD	0	TBD	TBD	TBD
	2.3 Support cocoa farmers' transition to alternative livelihoods	# of total farmers in protected areas receiving assistance for alternative livelihoods	TBD	0	TBD	TBD	TBD
3. No sourcing of cocoa from National Parks and Reserves through companies' traceable direct sourcing programs .	3.1 Implement traceability tools/technology to ensure no cocoa purchases originate from National Parks or Reserves (all forest areas)	% of direct sourced cocoa is traceable to farm-level	100% of direct sourced farms	53%*		84%*	
4. A differentiated approach based on the level of degradation of forests for classified Forests will be developed and translated into a national forest restoration strategy	4.1 Support the restoration of Classified Forests by working with cocoa farmers, the government and the forestry industry to implement contracts for mixed agroforestry as a restoration and livelihoods intervention	# farmer 'agroforestry restoration' contracts signed	TBD	0	0	0	0
		# hectares restored in Classified Forests	TBD	0	0	0	0
5. Legal protection and management status for the remaining forests of Côte d'Ivoire in the Rural Domain	5.1 Cooperate with the government on enforcement to prevent deforestation in the legally protected forest estate (rural domain)	# hectares of forest in rural domain protected:	100%	Dependent on the discussion on Gvt policy towards forest protection in our supply chain			
6. Up-to-date maps on forest cover and land-use for the different forests, and socio-economic data on cocoa farmers developed and publicly disclosed, and detailed operational guidelines prepared	6.1 Support the government's forthcoming adaptive management plans for different forest areas to benefit the livelihoods of forest-dependent cocoa communities	Yes/No	YES				
	6.2 Participate in the development and operation of land-use and land-use planning at national and regional levels by sharing existing land use maps with government	Yes/No	YES				
7. Public enforcement of the new Forest Code and its subsequent guidelines, and public sector governance will be strengthened	7.1 Promote and participate in awareness-raising campaigns to educate farmers on the new Forest Code	# farmers reached at awareness events	20060	0	0	2783	4097
	7.2 Update farmer engagement materials and training with the revised Forest Code	Yes/No	20060	0	0	0	0
8. Public-private collaboration to mobilize resources for forest protection and restoration		\$ mobilized towards forest protection and restoration:	TBD	0	0	110 000	0
	8.1 Mobilize finance for forest protection and restoration	# hectares with forest protection and restoration financing	TBD	0	0	0	0
		# farmers participating in PES contracts	TBD	0	0	0	4005
9. Public-private collaboration to identify good practices, technical guidance and incentive mechanisms for forest restoration and agro-forestry	9.1 Support distribution and planting of multi-purpose trees for on-farm restoration via agroforestry	# multi-purpose trees distributed for on-farm planting	595782	0	0	79584	173368
		# hectares cocoa agroforestry developed (WCF will provide guidance on KPI in January)	425 ha (depending on gov't policies)	0	0	915	2411
	9.2 Support distribution and planting of native trees for off-farm restoration (reforestation)	# native trees planted off-farm	TBD	0	0	13858	39308
		# ha of forest area restored	TBD	0	0	12	33
10. Government creation, in collaboration with all stakeholders, of a public-private fund to support financing of protection and restoration of HCV forest areas.	10.1 Support the creation of the public-private forest conservation and rehabilitation fund	\$ contributed to fund	TBD	0	0	0	0

Sustainable Production and Farmers' Livelihoods							
11. Promote investment in long-term productivity of cocoa in environmentally suitable areas in order to grow "more cocoa on less land"	11.1 Distribute improved cocoa planting material	# improved seedlings distributed to farmers	493000	74631	569997	0	0
	11.2 Establish and/or provide cocoa nurseries with improved cocoa planting material	# of nurseries with improved cocoa seedlings	5	9	28	0	0
	11.3 Train farmers in Good Agriculture Practices (GAPs)	# of farmers trained in GAPs	20060	8676	57415	20157	50377
	11.4 Support cocoa farm rehabilitation	# of hectares of cocoa rehabilitated	TBD	128	151		
12. Promote sustainable livelihoods and income diversification for cocoa farmers	12.1 Promote farm-level crop diversification	# farmers applying crop diversification	850	0		209	1692
	12.2 Support distribution and planting of multi-purpose trees for on-farm restoration via agroforestry	# multi-purpose trees distributed for on-farm planting	Already reported 9.1				
13. Promote financial inclusion and innovation to deepen farmers' access to working capital and investment funds for production and farm renovation	13.1 Promote farmer savings	# farmers in supply chain with a savings account	8500	782	1868	1 134	4148
		# farmers participating in VSLA groups	>2000	0	0	0	692
	13.2 Offer financial products to farmers	# farmers offered a financial product	8500	2 347	5603	4 537	16591
14. Improve supply chain mapping, with the goal of 100% of cocoa sourcing traceable from farm to first purchase point. An action plan will be developed for traceability, which will be implemented step-by-step to achieve full traceability and verification, applicable to all by end-2019.	14.1 Conduct farm mapping within direct supply chain to identify and collect cocoa farm boundaries to ensure cocoa is not being sourced from forest lands, National Parks and Reserves, and Classified Forests	# farms mapped within direct supply chain	Already reported 1.1				
	14.2 Implement traceability system to farm level in direct supply chain	% of direct sourced cocoa traceable from individual farms to first purchase point	Already reported 3.1				
Social Inclusion and Community Engagement							
15. Full and effective information sharing, consultation, and informed participation of cocoa farmers and their communities who are affected by proposed land-use changes.	15.1 Organize cocoa community consultations on the implementation of the Frameworks for Action	# communities with consultation sessions	21	0	0	24	12
		# of cocoa communities with active forest restoration and protection program	21	0	0	5	30
16. Promote community-based management models for forest protection and restoration	16.1 Establish and/or support community-based natural resource management programs for forest restoration/protection	# hectares under CBNRM	21	0		7	4
		# cocoa communities with gender-focused programs	21	14	16	10	55
17. Development of action plans for forest protection and restoration, and sustainable agricultural intensification that are gender and youth sensitive.	17.1 Develop forest protection & restoration and agriculture intensification action plans that are gender and youth sensitive	# cocoa communities with youth-focused programs	21	23	34	15	28

* % farms mapped is reported based on achievements for the seasonal years 17/18 and 18/19, and calculated based on actuals for our entire direct supply chain each season, not based on the Action Plan targets
